School Entry – Limited Access Conditions

Due to the current pandemic, the QLD Government has instructed schools to implement *social distancing measures for adults* including limited access conditions to the school grounds.

Consequently from **Monday 9th August**, access to the school grounds and classrooms is **limited** to:

- ***School Staff***
- ***Students attending on-site learning***
- ***Contractors as approved through the school's office***
- ***Outside School Hours Care staff, enrolled children and a parent/carer who is collecting or dropping off children to the service.***

School staff will be collecting and returning students from/to classrooms and the school gates' **Stop, Drop and Go.**

Please stay in your cars where possible.

All other parents and visitors if not attending the school's office for a reason, **must not enter the school and must not congregate outside the school.**

Thank you for your understanding and for not putting our children and staff at risk
