### Friends of Whitfield – Sponsorship and Support Program

Dear Whitfield State School Community and Partners,

Creating **modern**, **fit for purpose**, **play and learning environments for the children** of Whitfield State School to enjoy every day, is an important fundraising and strategic goal for our school and its P&C. Fantastic play areas are fundamental to helping children develop confidence, friendships and their creativity.

As a public school at the heart of this community, we also believe it is important to showcase the local businesses and community groups that grow and support our area. With this in mind we have developed our **"Friends of Whitfield" Sponsorship and Support Program**.

A strong, vibrant community and school are critical to each other and it is for this reason that we seek your support to raise much needed funds through either **sponsorship packages** or through **direct parent donations to our building fund**. With well over 800 students, their parents, families and extended families connected to our school and its events on a regular basis, if we work together we can achieve our fundraising and promotional aim.

Attached we provide for you a **Sponsorship and support package for our 'Friends of Whitfield' Program** including our **pledge form** (Please return form to school as soon as possible). We have also included some of the **design plans** that we have developed to improve the learning and play environment of our school for its children.

We thank you in advance for your interest and response and we look forward to continuing to work with you to provide the best possible school for our children over this year and beyond.

Yours sincerely

Mr MATT THOMPSON Principal

Ms Julia Marshall P&C President
